Photography Workshops by Leonid Padrul

Having conquered mountain peaks, Leonid Padrul in his photograph exhibition "The Shadow of Jerusalem" conjures before our eyes dazzling phenomena of nature and portrays the uniqueness of Israel with a magical magnetic power. In his pastoral-like photographs, unfolding the age old secrets of creation, Padrul achieves the apex of his work, combining poetry with a philosophical world view.

Please join us for photography workshops by Leonid Padrul who will reveal his experience and tips for outdoor photography in challenging environments.

The workshops will be conducted in Hebrew and Thai

KWITKOWSKI ART

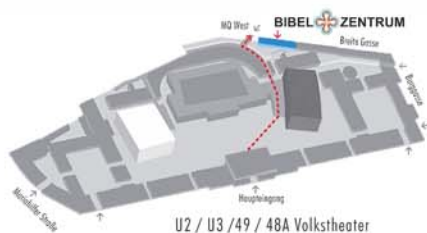

Mit den eindrücklichen Fotos von Jerusalem, der Wüste Judäa, den Höhlen von Qumran und insbesondere dem Toten Meer möchte Leonid Padrul Menschen im Innersten ansprechen und sie so mit hineinnehmen in die Geschichten, die sich in Israel in biblischer Zeit zugetragen haben. Jedes der Fotos ist ein Unikat – es enthält die ganze biblische Geschichte mit all ihren Konflikten, Leidenschaften und der nicht enden wollenden Suche nach bleibenden Werten...

Das besondere Licht Jerusalems wird als Zentrum der Schöpfung gezeigt, das der Dunkelheit widerspricht, die das Böse darstellt. Der Titel der Ausstellung „The Shadow of Jerusalem“ ist der Kabbala entnommen und greift ein Wort aus dem Propheten Jesaja auf: „Alle Völker machen sich auf zu dem Licht, das sich über dich ergießt, und ihre Könige wollen den Glanz sehen, in dem du strahlst“. (Jesaja 60,3 Gute Nachricht Bibel).

Leonid Padrul ist international ausgezeichnete Kunstfotograf. Er wurde in der Ukraine geboren und lebt und arbeitet seit 1994 in Israel. Er ist Leiter der Fotografischen Abteilung im Eretz Israel Museum in Tel Aviv.
